How to alter SIM functions

This can only be achieved through contacting the Eseye Support team.

Note: Eseye reserve the right to charge a standard rate for functions not agreed prior to use.

To use a pre-formatted email, click: SEND EMAIL

To create a manual email ensure to include:

- Email: support@eseye.com

- Subject: Altering the functions available on my SIM card(s)

- Body text: Ensure to include the ICCID (SIM numbers) and the functions you want enabled or disabled.
